

TAQTICS CONNECT GENPACT BYJU'S			
PROFESSIONAL EXPERIENCE			
Taqtics		Apr'25 – Present	
Product Specialist, Enterprise SaaS	- Own product discovery and delivery across onboarding, workflow automation, ticketing and analytics for a frontline-operations platform serving 25+ enterprise brands across the US, GCC, ME, EU and Indonesia. - Shipped an AI-powered configuration engine that turns client SOPs into working onboarding flows, taking 15+ enterprise accounts live with no custom implementation and cutting implementation effort ~95% - Replaced per-client custom builds with no-code configurable workflows across 6 core modules, moving new deployments onto the standard product and taking engineering off the go-live path - Took a new onboarding product line from discovery through launch, scoping 30/60/90-day manager-gated readiness workflows with store and area managers; adopted by 20+ enterprise clients, who reported 30% lower frontline attrition - Converted one-off reporting requests into a configurable analytics layer over internal and external APIs, shipping 50+ client dashboards and clearing custom reporting off the engineering backlog - Traced slow resolution to unowned handoffs, then extended ticketing into a single SLA-governed CAPA and RCA workflow across 20+ clients, cutting resolution cycle time 70% - Authored the product's first documentation library across 8 modules, cutting configuration support dependency across 20+ enterprise clients		
Connect		Mar'24 – Sep'24	
Product Management Intern	- Shipped a two-sided marketplace (website + mobile app) from zero, coordinating design, engineering and content to launch, and reaching 65% vendor-to-client conversion in month one - Built the FY2024 monetization model, mapping customer-vendor interaction points to prioritized revenue streams and sequencing the backlog around what could be validated first		
Genpact		Feb'23 – Mar'24	
MIS & Fraud Analytics Associate	- Analyzed large transaction datasets for a US fintech client to define anomaly signals adopted into ongoing fraud monitoring - Built Power BI and Excel dashboards adopted team-wide, cutting error resolution time 20%		
BYJU'S		Sep'22 – Oct'22	
Business Development Intern	Closed Rs. 50,000 in four weeks from 120+ self-sourced qualified leads through consultative product demos, structured objection handling and CRM-driven follow-up
